

Location: Sioux Falls, SD
FLSA Status: Exempt, Salaried

As a BIM Manager you will also be responsible for implementation, adoption, training, standards, and best practices. This position will continuously analyze and proactively drive innovative solutions and best-in-class practices and participate and lead BIM research and development of BIM within TSP.

ESSENTIAL FUNCTIONS

- Manage software products including incorporating new version releases and customizations
- Identify and evaluate new BIM related software, trends, and technologies while staying informed on best practices and provide recommendations for new business opportunities
- Responsible for TSP overall BIM standards development, implementation, and enforcement
- Oversee the creation and maintenance of Revit template files to ensure TSP standards
- Provide oversight to quality control for completeness and adherence to TSP's standards of all drawing produced
- Oversee development and enforcement of BIM documentation and workflow process standards
- Provide Revit Fundamental and Intermediate training to staff along with continuing education training sessions
- Provide project production support as needed
- Commitment to TSP's core values: Trust, Ethics, Honesty, Responsiveness, Collaboration, and Commitment.
- Champion TSP, Inc.

QUALIFICATIONS

- Associate Degree in Drafting or Architectural Technology preferred
- Minimum of 7 years or more of BIM production experience. Experience shall include but not be limited to all building components such as architectural, mechanical, electrical, plumbing, structural, and civil
- In-depth working knowledge of current Autodesk products such as but not limited to Revit and AutoCAD current release.
- Ability to communicate with others in a clear, collaborative, and constructive manner.
- Proficient with Revit
- Experience with educating staff on BIM standards and requirements.
- Share a passion for BIM/Revit; champion learning; and timely troubleshoot ever-changing business demands and challenges
- Must be a self-starter, self-motivated and able to problem-solve independently. Does not need instruction

ABOUT TSP, INC.

TSP Inc. is an integrated design centered, multi-discipline firm that offers Architecture, Engineering, Planning, and Interior Design. TSP has a strong identity in the upper Midwest operating 7 offices in 5 states (Iowa, Minnesota, Nebraska, South Dakota, and Wyoming). TSP's practice is concentrated on the Health & Wellness and Education markets; and projects in the communities where we live and work.
