

**Location:** Sioux Falls, SD  
**FLSA Status:** Exempt, Salaried

TSP has an exciting opportunity for a Project Architect; that is energetic, highly creative and technically skilled. You will be an integral team member providing leadership in execution of design intent and production efforts throughout documentation, specs and construction. This Individual should demonstrate creativity, foresight, and mature architectural judgment in anticipating and solving architectural problems, and determining/organizing program objectives.

#### **ESSENTIAL FUNCTIONS**

- Responsible for developing designs and technical solutions throughout all phases of project delivery to meet project goals. Strong technical and analytical skills required.
- Collaboration and communication with team members that lead clients through project design and construction process.
- Deliver, manage & complete accurate and coordinated project plans, specifications and construction documents within time and budget parameters while meeting and exceeding client, building code and contractual obligations and establishing expectations and coordination with the project team.
- Working knowledge of contract documents, processes, codes and construction.
- Efficient and effective in meeting project schedules and deadlines.
- Develop and communicate to other discipline team members overall project goals and constraints including client objectives, design criteria, construction and design budget parameters and schedule requirements
- Perform construction administration tasks including evaluation of the work for compliance with contract documents, certification of pay applications, review of contractor's submittals executing changes in the work, and project close-out.
- Commitment to TSP's core values: Trust, Ethics, Honesty, Responsiveness, Collaboration, and Commitment.
- Champion TSP, Inc.

#### **QUALIFICATIONS**

- Professional degree in Architecture from an accredited institution
- Registered architect with NCARB Certificate preferred.
- LEED accreditation preferred
- 10+ years of experience providing architectural design and document production
- Proficient with Revit
- Experience with Microsoft Office (Word, Excel, PowerPoint, Project)
- Must be a self-starter, self-motivated and able to problem-solve independently. Does not need instruction
- Experience in a variety of commercial project types preferred, but not required.

#### **ABOUT TSP, INC.**

TSP is an integrated design centered, multi-discipline firm that offers Architecture, Engineering, Planning, and Interior Design. TSP has a strong identity in the upper Midwest operating 7 offices in 5 states (Iowa, Minnesota, Nebraska, South Dakota, and Wyoming). TSP's practice is concentrated on the Health & Wellness and Education markets; and projects in the communities where we live and work.
